# AYUSH COUNCIL FOR MEDICAL RESEARCH AND HEALTHCARE TECHNOLOGY EDUCATION

## MESSAGE FROM THE H.O.D

Please accept my heartfelt congratulations on your decision to advance your career! as you are aware you have chosen to join the most noble and rewarding profession, the profession built on dedication, personal sacrifice, and empathy. although your educational journey may be difficult at times, you will reap the reward of utmost satisfaction when holding your diploma / certificate Course at the end of the course and nothing will ever compare to the fulfilment, that improving and saving the lives of others will bring! as a medical professional myself and my colleagues can vouch for that.

ACMR will be glad to facilitate your learning for the professional growth, we are in the process of developing newer generations of well-educated, competent, confident, paramedics. once again on behalf of the faculty, administration, and staff, we look forward to welcome you to ACMR !

**Rajesh D. Pawar**

(H.O.D-ACMR)

# ABOUT ACMR

## Commitment To Excellence in Teaching And Training

AYUSH COUNCIL FOR MEDICAL RESEARCH AND HEALTHCARE TECHNOLOGY EDUCATION (ACMR) is an autonomous educational body dedicated to promoting and regulating vocational and paramedical education and training programs. We work to ensure that these programs meet high standards of quality and provide students with the skills and knowledge needed to succeed in their chosen fields. The ACMR also provides accreditation for institutions and programs, recognizing those that meet their standards. Additionally, the council works to promote and support the continued development and growth of vocational and paramedical education and training in order to meet the needs of students and the workforce. The ACMR is committed to providing students with the best education and training possible. We strive to achieve this by working closely with educational institutions and organizations in the field, to help them to meet the highest standards and provide students with the knowledge and skills they need to succeed in their chosen profession. Additionally, we work to promote the ongoing development and growth of vocational and paramedical education and training, in order to meet the changing needs of the workforce and society. Our goal is to ensure that students receive the best education and training possible, so they can make a meaningful contribution to the workforce and society.

### Aim

To help students understand the scientific and technological aspects of contemporary civilisation.

### Mission

To improve access to high quality tertiary education through education training programmes

### Vision

Increasing the capacity & capability of the system to deliver quality skill training and professional knowledge

THINK CAREER,  
THINK ACMR
